Coffee Talk Webinars for Dell

As you start deploying next-generation Servers and Storage solutions from Dell/EMC to your clients, connectivity between these devices becomes critical. To help you keep up to date on the latest connectivity technologies Marvell are inviting you to attend the Marvell Coffee Talk Webinar Series, exclusively for Dell Sales and Presales professionals.

In these short, 30-minute sessions, you will receive the latest information pertaining to server and storage connectivity for Dell solutions from the I/O experts on the Dell OEM Team at Marvell. This is an easy way for you to stay in the know, get your questions answered and become an even better trusted advisor for your clients. Just click the links below to register today.

Members of the Dell Connect the Q Program from the AMS region will receive bonus points for each webinar they attend. You must attend at least 80% of the session to receive credit.

Click the links below to see session details and to register.

All sessions are at 10AM Central time

June 14, 2023 [Why your customers are considering transitioning to NVMe over Fabrics](#)
